## BEST OF BREITLING

by HENNING MÜTZLITZ

### CONTENT:

Breitling is especially known for their characteristically masculine wristwatches. It goes without saying that quality, reliability and high precision are the main reasons for the great popularity of this individual brand.

Henning Müzlitz, a well respected writer for Armbanduhren Magazine, comprises a clear company history and provides a widespread view on the brands performance in the past and in the present time. One hundred of the most remarkable models are presented: historical models, the legendary Navitimer, the masculine Avenger, chronographs for nearly every purpose, the Superocean for the depth of the sea, the clear structured Cockpit and the special edition "Breitling for Bentley".

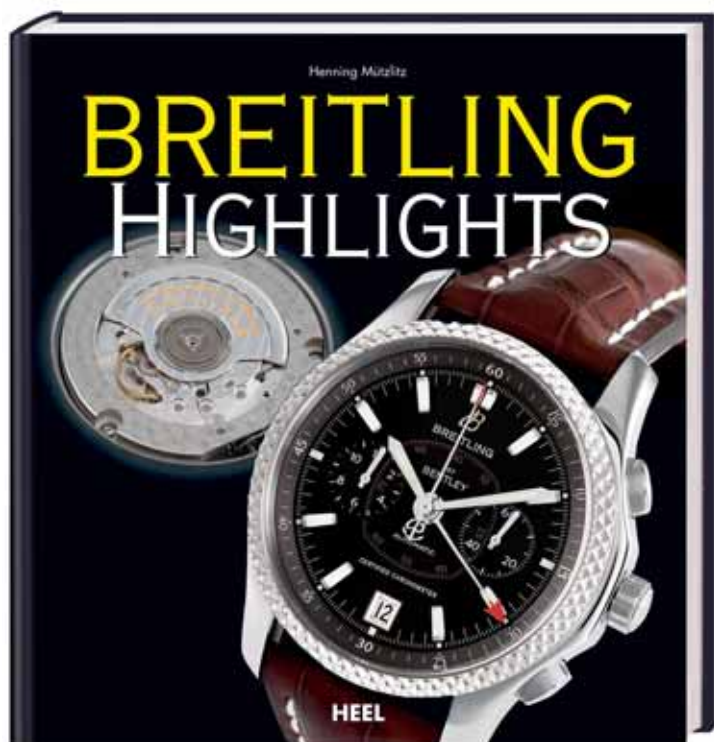

All these high quality wristwatches established the fame of the Swiss watch manufacturer – one good reason to put this title on your shopping list.
