LAND & WERKEN SERIES:

THE AXE MANUAL

by Carsten Bothe

CONTENT:

The axe, one of mankind's oldest tools, rises to new popularity thanks to the current *Bushcraft* movement.

Carsten Bothe, the acknowledged outdoor expert, presents the most different types of axes and hatchets and explains their manufacture, usage and maintenance. Illustrated by many colour pictures, he further describes the correct techniques how to sharpen the blades, place them on the shaft, and how to basically improve your skills regarding the handling of the axe.

This guide is essential for every do-it-yourself man, no matter if you are a first-time user or already advanced!
