# SWISS LOCOMOTIVES

## MADE OF LEGO BRICKS

by Eugen Sellin

### CONTENT:

This book offers a unique look at railways in LEGO® brick format. The author presents detailed building instructions for iconic locomotives such as the Swiss Crocodile Ce 6/8 II, which have been realised with the utmost precision and creativity.

Step-by-step instructions make rebuilding accessible even for beginners. In addition to mini models such as the classic BR 03, a railway lantern and a conductor's trowel, the book contains high-quality, rendered illustrations that present the models in an astonishing way.

A must-have for modelling enthusiasts, railway fans and terminal block lovers who are looking for new challenges and inspiration!
