

# ADVANCE TITLE INFORMATION

## ALFA ROMEO RACING CARS

by Christian Schön

### CONTENT:

This new title is the first complete brand history of all Alfa Romeo racing cars. Divided into different categories the most sportive Alfa Romeos are sorted by chapters on the earlier days, Grand Prix and Formula-1 cars, sports cars and racing prototypes as well as touring and rallye cars.

Exciting action photography, informative background reports on the origins and the development of the Alfa racing cars plus a detailed list of technical specifications and international racing results make this book the ultimate reference guide and indispensable companion for all "Alfisti".

### THE AUTHOR:

Christian Schön is an expert on all Alfa Romeo topics and has already published several books on this subject.

Rights all available
