

H. ADVANCE TITLE INFORMATION

OPEL REKORD & COMMODORE

by FRANK DIETZ

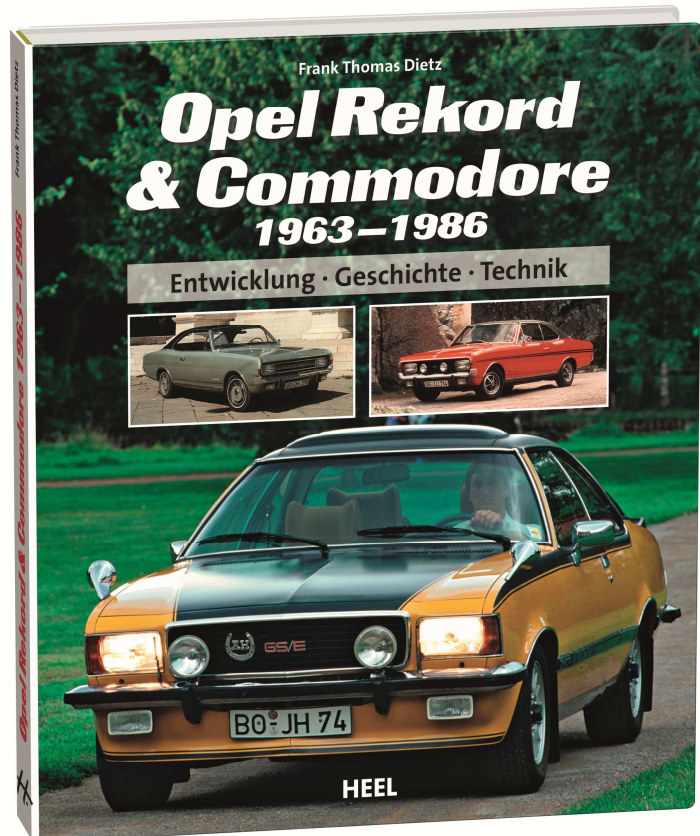

CONTENT:

Having published a book on the Rekord & Commodore models built between 1963 and 1986 back in 2002, we are happy to offer a completely revised and updated edition now.

Starting with evolution and design, it comprehensively depicts the marketing, promotion and sales activities of Opel, along with a press review and information on technical enhancements, rallye commitment and Opel's gaining ground abroad.

Endowed with new photo material and detailed lists of productions figures and technical specifications, this new volume will be loved by Opel enthusiasts!

The author is an acknowledged writer of technical reference books. He has been working as a press officer at several big automotive companies, among them Opel of course. He drives a Commodore B model.
