JUST THE TWO OF US - FOREVER!

CONTENT:

A love padlock in one of the most charming ways to express one's mutual affection. Oftentimes it is an exciting, sometimes even intricate story from the first encounter up to the decision to perpetuate this love by means of adapting a love padlock to the place of one's choice.

A beautifully layouted diary which comes along with a **padlock** still waiting to be engraved with their names gives young (and also not so young any more) lovers the chance to combine two very special tokens of love.

The diary can be filled with their unique, personal love story, leaving room to record all kinds of shared experiences, but also the dreams still to be realized!
