MY GUIDED HIKING JOURNAL

CONTENT:

Hiking is one of the most popular recreational activities. People love to escape into nature and breathe the fresh air while enjoying beautiful landscape or pleasant company. Many of them want to keep these memories and love to keep track on their journeys.

How pleasing is it to fill this beautifully illustrated journal with notes on everything you have undergone during your hiking trip – starting with (essential subject!) the weather, turning to the distance you have covered, recording the places you have been and the people you may have met on the road, talking about special encounters and experiences.

Memorabilia such as stamps, admission tickets or little plants you found on the way or even little drawings, photographs, menus, labels.... Anything can be added to make this the personal keepsake for all your wonderful hiking trips.
