CLASSIC TRUCKS IN DAILY USE

by Udo Paulitz

CONTENT:

The reprint of a unique HEEL classic captivates the truck fan: Numerous unique and timelessly beautiful photographs of historic trucks and explanatory texts take the reader back to a time when the economy was humming and the machines were getting bigger and stronger.

Classics in everyday work, taken by the well-known photographer Udo Paulitz in his active days, show large-format beauties, some of them refined with chrome, that were used in the service of trade or public authorities. From Borward to Faun and Kaelble to unknown exotics, the robust emergency vehicles evoke wistful memories of an era in which a truck driver still had to use all his strength.

The author Udo Paulitz, a trained bookseller and enthusiastic amateur photographer, was a successful author for more than 30 years, devoting himself with great passion to all types of tractors and agricultural tractors. His works also focused on fire engines, lorries and steam locomotives.
