## MY 50 BEST RECIPES FOR YOUR DUTCH OVEN

by Carsten Bothe

### CONTENT:

When former hunter, trapper and explorer Carsten Bothe brought the Dutch Oven to Germany from North America in the late 1990s, he was actually the pioneer of cooking in the cast-iron pot, making it familiar to a larger public through the first German-language cookbook ever published on the subject.

From his vast pool of recipes gathered throughout the years, this new book presents a careful choice of the all-time best ones to be prepared successfully by everyone.

All these are well-tried and proven during his cooking classes, suitable for daily use, easily to be prepared without too many specialized ingredients but at the same time delicious and tasty for everyone.

They will not fail to give you a smell of the places where they originate from - the woods, the hunting grounds, canoe trips and camping sites.
